Dear Mr. Patterson:

On May 9, 1995, Mr. Lynn Kunzler, Reclamation Specialist with the Division's Minerals Program inspected the Pleasantview Pit, located in Section 13, T7N, R2W, SLBM, Weber County, Utah. The results of his inspection found that Interpace Industries has completed reclamation of the mine as required by Rule R647-4-111, and that the reclamation standards of Rule R647-4-111.13 have been successfully achieved.

The Division hereby releases Interpace from any further reclamation responsibility at this site. The reclamation surety, in the form of a Letter of Credit in the amount of \$3,800 is also released and herein returned to you by copy of this letter.

The Division appreciates your willingness and cooperation in completing your reclamation obligations under the Utah Mined Land Reclamation Act.

Very truly yours,

James W. Carter
Director
